

After being recruited by the angel Michael, Sam struggles to battle the demon seed and himself.

I've just had my first encounter with the demon seed...

Dr. Smart to the E.R.,  
Dr. Smart to the  
E.R. Please.

Someone bring me  
a gurney!

EMERGENCY

Johnson, Page the new  
E.R. doctor!!!

It's still quite a blur.

Room 5 is open  
We'll put him in there.

I won the battle but the war just started.

Put him on the bed!

My shoulder is on fire

We need to expose and prep the wound.

I'll take care of that.

I wonder how much this visit is going to cost me.

I probably shouldn't tell them that I was bitten by a demon creature.

What happened to this guy?

**Gasp!**

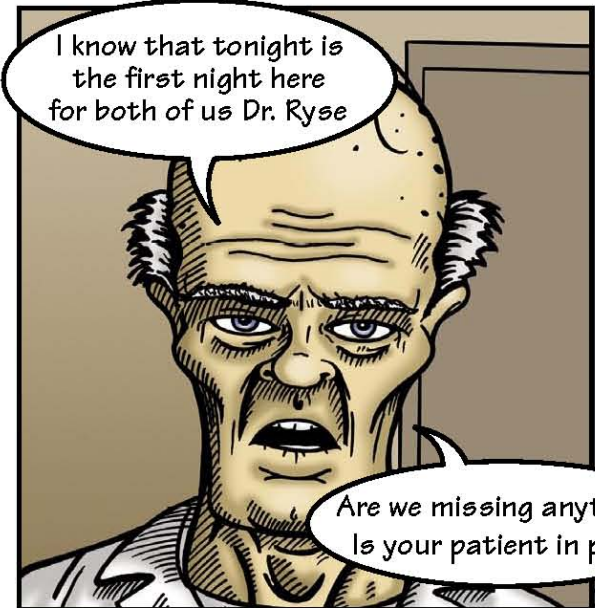

My Stars!

Then again...

maybe I won't have to.

I know that tonight is the first night here for both of us Dr. Ryse

Are we missing anything?  
Is your patient in pain?

Pain?  
Ah, yes.

Nurse Wiggins, 10 CCs of Demeral and prep to suture lacerations.

Yes  
**DOCTOR** Ryse.

I'll start and Dr. Ryse will finish.  
The next one will be all yours

The suture is ready  
Dr. Smart.

Doctor?

Doctor,  
are you okay?
